Subject: RE: 3 EC Questions

Jim and others,

1. Scott Ross will be Kansas representative on the RRCA engineering committee until further notice. This will likely change when my previous position is filled (which we are working on now).

I will remain active in engineering committee matters until the person filling my previous position is on board and up-to-speed.

Also please be advised that George Austin retired on December 18. However, we are working on contracting with him to work for us part-time work.

2. We plan to have a revised proposal to you on Harlan County Lake Evaporation by January 23.

3. We could meet in Denver on January 30 when Ken Knox indicated he is available, as long as I can get in and out in the same day.

Finally, George forwarded to me your note to him of January 7 on the RRC accounting workbooks. We agree with your assessment that cell C4 on Attachment 6 should refer to Input line 195, not line 257. It was his mistake.

David Barfield

Chief Engineer

Subject: 3 EC Questions

Dave,

1. Are you still the Kansas representative on the RRCA Engineering Committee, or should I send EC email/correspondence to another person? (I'm assuming that you are in fact the Kansas RRCA commissioner, of course.)
2. Has Kansas completed a revised proposal for Harlan County Lake Evaporation?
3. When would be a good date for the Engineering Committee to meet in Denver? We had tentatively discussed meeting during mid-January 2008.
